Snooker Table

Committee has been approached by some members regarding the new layout of the 8 ball tables in the Clubrooms. They feel that the location of these tables now restricts access to members as well as players.

Committee are currently considering all options and one of them is the possible removal/sale of the remaining snooker table. As this table is owned by the members, we are seeking your comments as well as your approval or objections to this option. There is a form on the bar which we would appreciate being filled in by as many members as possible. This will give the Committee a clear indication of what your preferences are.

New Health & Safety Legislation – There will be signs going up around the club warning of hazards like the fire, yellow and black tape on steps, and the water feature in the smoking area will be emptied and filled with plants. All power cords have been tested and tagged and we need to ensure any new electrical appliances, machinery etc. are included on the register. Please see Tricia or Sue if you have any questions.

To keep you smiling! A man was driving when he saw the flash of a traffic camera. He figured that his picture had been taken for exceeding the limit, even though he knew that he was not speeding. Just to be sure, he went around the block and passed the same spot, driving even more slowly, but again the camera flashed. Now he began to think this was quite funny, so he drove even slower as he passed the area again, but the traffic camera again flashed. He tried a fourth time with the same result. He did this a fifth time and was now laughing when the camera flashed as he rolled past, this time at a snail's pace...Two weeks later, he got five tickets in the mail for driving without a seat belt.... You can't fix stupid.

***Our sponsor of the Thursday night members draw
